

Med Tech I Education & Certification Form

Exam # 5263 CR

Degrees must be from a regionally accredited or New York State registered college or university – or, if from a foreign country, deemed equivalent by one of the companies referenced on the official announcement. (See link on announcement.)

If you do not already have an OFFICIAL transcript on file, do not have your school send a transcript directly to this office as it will most likely not arrive when needed in order to have your name promptly added to the eligible list. Instead, submit a *copy of either your transcript or your diploma* as shown below.

1. Do you have a Master's in Medical Technology? Yes ____ No ____

School Name and Address: _____

Date Graduated: _____

Documentation is provided as follows: (check which one applies)

☐ An OFFICIAL transcript is already on file.

☐ I am filing online and scanning/attaching the documentation.

☐ I am mailing a hard copy application which includes hard copy documentation.

☐ I am filing my application online but am sending my documentation as hard copy. (See important Note at bottom of page.)

Note: The use of this option is not recommended as it may delay your name being added to the eligible list. If you do use this option, write "Requested by EXAMINATION UNIT" on it.

2. Do you have a Bachelor's in Medical Technology? Yes ____ No ____
