**DATE SUBMITTED** : **9/22/2021**  
**SUBJECT** : **Review of New Non-competitive Position, Pending Jurisdictional Classification**

The Nassau County Department of Information Technology has requested the classification of one new position in the title of Photographic Specialist II.

The New York State Civil Service Examiners stated that they were unable to formulate exams for the title, and recommended it be moved from the competitive to the non-competitive class, pending jurisdictional classification. On 2/8/2021, per Resolution No. 43, the Commission approved the recommendation that the title of Photographic Specialist II should be Non-competitive, pending jurisdictional classification. The title has not yet been submitted to a Public Hearing nor ruled on by New York State. The request will be submitted to include the title in the non-competitive general listing in the Rules, for unlimited positions in Appendix B, for all County Departments.

It is recommended that one position, in the non-competitive class, pending jurisdictional classification, be approved for the Nassau County Department of Information Technology.
